Dear Sir or Madam

I have heard your company require some staffs who have skill which is related to Information Technology from **www.metfone.com.kh**, I would like to inform you that I am very interested in applying for the position of Web Developer.

I am enclosing my CV and relevant document for your view. As you will see in my CV, my achievement and participation as a scholarship student in the field of Information Technology (IT), at Pannasastra University of Cambodia (PUC) is really remarkable. I am very good in my academic performance, and this is evident with my GPA in my certificate of Foundation Year Course, attached with my application. Moreover, I successfully completed level 4 that comprises 1,080 hours of classroom instructions plus tests, lab practice and final examinations at Pannasastra Institute of Foreign languages.

Currently, I have been doing my four year in major of Information Technology at the Pannasastra University of Cambodia (PUC) . And I was also a high school graduated student in General Studies at Preakleap High school. Furthermore, I have attended and successfully completed some training and short courses.

As the above mentioned information, I believe it would make me a suitable for the position. And I also have flexibility in working team and being patient under work pressure and I myself consider being a sociable, punctual, hard-working and friendly person. I look forward to hearing from you that will allow me to work for your company at any time, including Sunday, or for as many hours as need. Finally, I would be grateful if you consider my application, and I do hope that you will provide me this opportunity. I am really pleased to have an interview with you at any convenient time. Thank for your considering my CV and attention.

Yours faithfully

Lorn Titya
